Full Stack Software Developer

Highly driven and organized bilingual Junior Fullstack Software Developer with 10+ years of professional experience as a Graduate Psychologist. Combines strong analytical and problem-solving skills with a strong work ethic. Keen interest in software testing. Looking to relocate to Dublin.

SKILLS OVERVIEW

*HTML5 | CSS3 | Python | Django | Flask | JavaScript | MongoDB | Bootstrap 5 | Bulma
Git | GitHub | VSCode | Heroku | Balsamiq*

PROJECT EXPERIENCE

4th Milestone Project „Scifi zone“: Full Stack ecommerce project

- Using Django, Bulma, and Stripe, I developed an app about a fictional sci-fi themed convention that allows users to buy various types of tickets
- Implemented search across multiple models using Django-Watson
- For more details, please refer to the [project's repo](#) or take a look at the [deployed site](#)

RELEVANT TECHNICAL EXPERIENCE

Channel Lead for „Interactive Frontend“ (2nd Milestone Project)

- Held 2 webinars about best practices in Git and handling API responses
- Answered JavaScript related questions from fellow students in Slack
- Helped individual students with problems in their milestone projects via Slack calls

Hackathon participation

- Won 1 hackathon, participated in another hackathon, and was a hackathon facilitator for a third hackathon

Community content creator

- Wrote an article about the [differences between Java and JavaScript](#) for the Code Institute blog
- Published articles: a [Python cheat sheet](#) and an [article about relational databases](#)
- Articles to be published: HTML Head Tag, HTML Body Tag, and How to add Images in HTML

WORK EXPERIENCE

Psychologist at Klinik Angermühle, Deggendorf, Germany

March 2015 - Present

- Diagnosis and treatment of sleep disorders
- Educate patients about sleep disorders
- Write medical reports

Psychologist at MPU Beratung BW, Plochingen, Germany

June 2011 – February 2015

- Helped clients understand the behaviour that led to the loss of their driver's license and worked with them on strategies to change this behaviour
- Prepared clients for their Medical-psychological assessment
- Trained + supervised Medical-psychological assessment advisors

Unemployed

September 2010 – May 2011

Psychologist ('health manager') at AnyCare GmbH, Stuttgart, Germany

August 2009 – August 2010

- Used psychoeducation to help patients with depression and/or burnout understand their condition and use resources to cope with it. Teach them strategies to avoid similar situations or learn how to react differently.

Technical support and customer agent at various employers

April 2007 – July 2009

- Technical and customer support for Vodafone and T-Com
- Technical support for Dell computers. Identified and resolved hardware problems for business and private customers and documented the process.
